

The Department of Biological Sciences Biology Student Award

This fund was established by the Department of Biological Sciences Faculty to support and encourage scholarly excellence. The fund will be used to honor undergraduate biology majors involved in learning, research and service (research, presentations, community outreach, special learning opportunities, and other scholarly pursuits).

Students must complete a written application available from the [Department of Biological Sciences website](#). The application is reviewed by the Department Chair in consultation with a committee of faculty.

Applications are reviewed on a rolling basis during the second week of each month. The deadline to submit the application is the first Friday of each month and must be submitted a minimum of 60 days in advance of the event. The award is contingent upon availability of funds. Typical award amounts will be between \$250-\$500.
