Chemistry and Physics

Constellation E² Energy to Educate Summer Camp

Nova Southeastern University

June 20 – July 1, 2016

Camp Information:

The Chemistry and Physics summer camp is sponsored by the Constellation E² Energy to EducateSM grant designed to inspire students to think differently about energy. This intensive two week day camp focuses on intensive hands-on energy solutions and is housed at Nova Southeastern University's Fort Lauderdale/Davie campus. The days will be split between lectures and laboratory experiments. Campers accepted into this highly competitive camp will return to their high schools as energy solution ambassadors. *Students attend the camp free of charge.* There are 32 spots available. Online form is available at http://cnso.nova.edu/chemistry_physics/e2-grant/constellation-e2-energy-to-educate.html.

Eligible Students:

Students must be entering the 10th - 12th grade in fall 2016. Camp participants will be selected from the Broward, Palm Beach, and Miami-Dade counties. Students need to provide their own transportation and lunch.

Application Process:

- Parent/Guardian and student complete requested information on the attached Student Application Form (pages 2 – 5).
- Parent/Guardian or student gives a recommendation form to the student's current science teacher (page 6).

Please send the completed Student Application Form, waivers, and teacher recommendations to

Please complete the chart below and write a letter of recommendation for this student. Place completed form and letter of recommendation in an envelope, seal it, and write your name across the sealed flap, so that your comments will be private.

Please return the sealed envelope to the student **as soon as possible** so that he/she may include it in their application packet, which is due by **June 3, 2016**.

Please put an X in the appropriate column for each of the following statements:	Very Much	Often	Sometimes	Rarely	Never
This student was eager to learn.					
This student cared about other students.					
This student was late to class.					
This student skipped classes.					
This student turned in homework and projects on time.					
This student participated in class, group and hands-on activities.					
This student worked independently and as a team member.					
This student was an asset to the class.					
This student participated in co-curricular activities (science fair, science club, etc.).					

Circle the best answer to the following question: Would you like to teach this student in another class?

Yes, definitely

Maybe

Definitely not

In your letter of recommendation, please include this student's outstanding school achievement, the qualities this student possess that makes him/her stand out from the rest, and any concerns you would like to share. Your comments will be especially useful in the selection process. Thank you.
